New Plants 2026

HIGHLIGHTS
more in our 2026
Reference Guide

Woody Plants

ABIES (Fir)

concolor 'Blue Cloak' (White Fir)

○ • h6' • w4' • r4-8" • Z4

upright, semi-pendulous selection with a strong central leader, dense cloaked branching; and thin, soft-blue needles. This plant performs best growing in full sun and well-drained soil.

#10.....419.99

ACER (Maple)

palmatum 'Hime shojo'

○◑ • h6' • w6' • r1-3" • Z5

new growth emerges a cherry red, changing to maroon. Although a relatively small plant, it puts on the bright new growth all summer long that stands out against the older darker foliage. In the fall the entire plant beams a brilliant red. The dwarf twiggy form is excellent for bonsai culture. *Not Guaranteed*

#6.....309.99

palmatum 'Iijima Sunago'

○◑ • h15' • w12' • r6-12" • Z5

a profusion of tiny, green spots that develop in late summer on red-dish-brown leaves, giving the appearance of having been sprinkled with sand. Earlier in the year, in spring and early summer, the leaves are rich, orange-red with green venation; in fall, a dramatic show of intense colors takes over.

#6.....219.99

palmatum 'Shindeshojo'

○◑ • h20' • w15' • r12-15" • Z5

astonishing spring color begins intensely dark, fuchsia-pink and changes to brilliant crimson-scarlet. In mid-summer, the color calms to pleasing green with red-orange margins. Then fall extends the colorful show with a blend of orange and yellow. A classic form provides handsome winter stature. *Not Guaranteed*

#6.....269.99

palmatum 'Tobiosho'

○◑ • h20' • w15' • r12-15" • Z5

broad, upright habit, green canopy. Fall foliage begins gold and changes to orange, then scarlet until all three colors are on display at once. Finally, they all go completely scarlet. *Not Guaranteed*

#6.....219.99

palmatum 'Tsukushi gata'

○◑ • h10' • w7' • r6-12" • Z5

holds its surprising color all summer, when the star-shaped leaves change to scarlet before they drop. A rare form of Japanese Maple, it produces green seed set as well as green venation and bark, all of which contribute to a dramatic color contrast. *Not Guaranteed*

#6.....309.99

palmatum 'Tsuma gaki'

○◑ • h10' • w7' • r6-12" • Z5

chartreuse spring leaves sport dramatic edges of persimmon red, an effect that looks like many dainty leaf-hands with brightly painted 'nails'. Summer foliage develops wide, deep red margins and light cream centers. *Not Guaranteed*

#6.....299.99

palmatum var. dissectum 'Red Filigree Lace'

○◑ • h4' • w5' • r3-6" • Z5

extremely fine, deeply cut, lace-like foliage that maintains its deep purple-red or maroon hue throughout the season. Use the outstanding, slow-growing specimen in a showplace setting, like a small entry or courtyard. *Not Guaranteed*

#2.....124.99

BETULA (Birch)

populifolia (Gray Birch)

○◑ • h20-40 • w10-20 • r2-3' • Z4

a smaller, more drought tolerant alternative to the river birch. Fast-growing, upright tree with chalky white bark and triangular, glossy green leaves that shimmer in the breeze. Leaves turn yellow in fall. Often multi-trunked, it forms a narrow, irregular crown and thrives in poor soils.

8' clump.....389.99
1.75" single stem.....279.99

CARYA

ovata (Shagbark Hickory)

○◑ • h70' • w50' • r9-12" • Z3

low maintenance shade tree will be a showy and edible addition to your landscape. The bark peels and curls off it's straight trunk. Covered in green leaves, thick-shelled hickory nuts are nestled in-between. These nuts are perfect for eating and cooking. Golden fall color.

#15.....254.99
1.5".....384.99

HYDRANGEA

macrophylla Endless Summer 'Dreamcloud'

○◑ • h4' • w4' • r12-18" • Z4

pure white blooms that last and last. Strong rebloomer and mildew resistant.

#3.....64.99

paniculata 'Quick Fire Fab'

○ • h8' • w8' • r18-24" • Z3

large, football-sized, and shaped blooms. Creamy white blooms age pink to deep red through the season starting at the base of the bloom and working up towards the tip. It blooms earlier in the summer than the other Quick Fire hydrangeas.

#2.....54.99
#3.....64.99

HYDRANGEA, cont.

quercifolia 'Gatsby Moon' (Oakleaf Hydrangea)

◯◑ • h8' • w8' • r12-24" • Z5

doubled, tightly packed, pure white florets create full, conical panicles with a unique 'quilted' effect. As the bloom ages, it turns a nice shade of green that lasts through most of the summer. The green foliage has wonderful wine-red fall color. *Not Guaranteed*

#3.....64.99

quercifolia 'Gatsby Pink' (Oakleaf Hydrangea)

◯◑ • h8' • w8' • r12-24" • Z5

big, showy blooms that quickly transform from pure white to a glorious pink, providing months of color. Handsome dark green foliage turns burgungy-red in autumn. This North American native is perfect for woodland gardens and informal plantings. *Not Guaranteed*

#3.....64.99

LARIX (Larch)

decidua 'Puli'

◯ • h8' • w8' • r12-15" • Z3

gaining height only through staking, 'Puli' is truly a changeable animal; strongly cascading slender branches with deciduous needles.

#10.....489.99

NYSSA

sylvatica 'Red Splyndor'

◯ • h50' • w30' • r18-24" • Z4

a pollinator magnet along with being a wonderful shade tree. Easy to grow. Brilliant orange-red fall foliage. Outstanding host for native pollinators and native birds. Perfect specimen/shade tree. Tolerates wet soils.

#7.....184.99

PICEA (Spruce)

abies 'Pusch' (Pusch Norway Spruce)

◯◑ • h2' • w3' • r2-4" • Z3

small, slow-growing spruce collected from a witch's broom. Bright red cones on many short branches in spring. Globose when young, develops an upright broad shape with maturity. Extremely hardy.

#6.....259.99

glauca 'Mac's Gold'

◯◑ • h20' • w15' • r12-15" • Z3

bright yellow flush of new foliage and the addition of small red cones add to the display. The foliage gradually fades to green to finish out the year. Open growing form.

#6.....299.99

orientalis 'Atrovirens' (Oriental Spruce)

◯ • h60' • w20' • r15-24" • Z2

dense, pyramidal form and exceptionally dark green needles. Slower growing and more refined than many spruces, it brings strong structure and rich year-round color to the landscape.

#10.....209.99

orientalis 'Tom Thumb'

◯◑ • h12" • w18" • r1-3" • Z4

golden fingers of tight foliage point out from the center. Slow growth, and compact nest habit desirable for small garden spaces. For best color, site in plenty of sun, but protect from winter sun. Prefers ample moisture and rich, well-drained soil.

#3.....259.99

pungens 'Monty' (Monty Blue Spruce)

◯ • h8' • w6' • r6-10" • Z2

unites the genetics of two outstanding parents, 'Montgomery' and 'Hoopsi'. Classic conical Christmas tree shape with a strong leader as well as long, thin, bluest of blue needles. The small size, compact habit, and shimmering frosty blue foliage makes this tree a versatile specimen for small landscapes.

#6.....289.99

pungens 'Moonstone'

◯ • h2' • w3' • r3-4" • Z2

an Iseli exclusive improvement of the popular globe blue spruce. This well-mannered little gem has bright blue foliage and maintains a compact, rounded form from youth to maturity.

#6.....319.99

PICEA (Spruce), cont.

pungens 'The Blues'

○ • h6' • w6' • r3-6" • Z2

lush blue spring foliage drapes off of downward flowing branches creating a pleasing waterfall of year-round color. Plants may be trained to flow along a fence, deck railing, or stone wall and then allowed to spill across the ground, splashing against well-placed rocks in the garden. Height determined by training. Enjoys a moist, well-drained location.

#6.....309.99

PINUS (Pine)

aristata (longaeva) 'Formal Form'

○ • h10' • w6' • r6-8" • Z4

narrow, uniform shape with clusters of closely held, 1½" long, green needles that radiate around the ascending branches, giving each the look of a bottle brush. Formal and long-lived, this slow-growing, bluish tree maintains its form with little or no pruning.

#15.....569.99

aristata (longaeva) 'Joe's Bess'

○ • h6' • w4' • r3-6" • Z4

refined, formal, slow-growing tree requires little or no pruning, and wants full sun. Dense clusters of two-toned needles create a consistent shape.

#10.....749.99

aristata (longaeva) 'Sherwood Compacta'

○ • h3' • w2' • r2-4" • Z4

develops a handsome, perfectly conical shape and a dense, formal appearance. Tightly packed tufts of medium-long, green needles with white undersides radiate around the ascending branches of the long-lived conifer. Related to the oldest-living known organism.

2.5-3' 674.99

nigra 'Komet'

○ • h15' • w4' • r2-4" • Z4

strictly upward habit perfect for areas that need a vertical accent and a small footprint. In spring, tan candles emerge adding weeks of interest.

#6.....339.99

PSEUDOTSUGA (Douglas Fir)

menziesii 'Waggin Tails'

○◑ • h12' • w8' • r6-10" • Z5

Discovered on Wagon Trail Road adjacent to a dog grooming business called Waggin Tails, this dark green, sweet smelling tree has branches that curve and twist like the wagging tail of a dog. Dark green needles cover an upright full formed tree that grows at a slower pace than the species forest tree.

3-4' 339.99

SCIADOPITYS (Japanese Umbrella Pine)

verticillata 'Wintergreen'

○◑ • h20' • w8' • r12-15" • Z5

not a true pine; needles are large, thick and glossy. As the name indicates, the beautiful foliage retains its dark, glossy green through winter. A seedling selection from Sydney Waxman, UConn. *Not Guaranteed*

#15.....859.99

STEWARTIA

koreana 'Bashful'

○◑ • h3' • w3' • r12-18" • Z5

Peter Gregg, Manager Iseli Nursery, identified this distinctive seedling as a true dwarf, essentially a shrub not a tree. The parent and our oldest propagations (10 years) are naturally compact less than 3' x 3' whereas a comparable tree form Stewartia koreana would be tall narrow 12'+. This has not been a prolific blooming selection but may bloom more as a mature plant. Typical Stewartia white flowers with an added slight pink blush when opening. Fall color has been late season, yellows and reds. New growth in spring emerging with red/purple tones to the green leaves, summer green.

#6.....239.99

TAXUS

x media 'Maureen'

○◑● • h8' • w12" • r6-8" • Z4

tall, narrow, distinctive evergreen shrub with soft-textured foliage. Dusty blue-green new foliage ages to a darker shade.

#3.....69.99

TSUGA (Hemlock)

canadensis 'Summer Snow'

○◑ • h10' • w8' • r6-9" • Z4

new spring growth is white, which produces a striking contrast against the dark green interior foliage. Its size, shape and colorful growth make it an extremely useful highlight for shade gardens.

#6.....239.99

ENGLISH GARDEN ROSES

'Benjamin Britten' 69.99
unusual coloring that changes with age to a glowing deep pink-red. The deeply cupped flowers soon open to slightly cupped rosettes. The fragrance is fruity, with aspects of wine and pear drops. Z5 h4'

'James Galway' 69.99
upright growth and makes a wonderful climber in a short time. The strikingly beautiful flowers are mid pink at the center, gradually becoming lighter towards the edges. Z4 h12'

'Princess Anne' 69.99
young flowers are deep pink, almost red, fading to pure rich pink. The rather narrow petals are unusually substantial, with a hint of yellow on their undersides. Held in large, fragrant clusters. Z5 h4'

CLIMBING AND RAMBLING ROSES

'Arborose Florentina' 49.99
nostalgic red flowers that bloom throughout the season. Moderately fragrant, and a compact climber. Z5 h7'

'Arborose Honeymoon' 54.99
ruffled blossoms are packed with creamy white petals that blush pale pink. Disease resistant. Z5 h7'

'Arborose Kiss Me Kate' 54.99
pink, full quartered blooms. Fragrant, with notes of apple, citrus, and raspberry. Z5 h7'

'Arborose Tangerine Sky' 49.99
bright mango-tangerine blooms have a delightfully strong scent. Z5 h8'

'Fourth of July' 49.99
white blooms with red stripes, spicy/sweet apple fragrance. Dark glossy foliage. Z4 h10'

'Fruity Petals' 49.99
ruffled petals are ombre colored with edges dipped in intense coral, fading to apricot, and culminating in a bright yellow center. Blooms profusely through the season. Z5 h6'

'Joseph's Coat' 49.99
multicolored, red-orange to yellow-orange. Fragrant. Recurrent bloomer. Z5 h10'

WISTERIA

frutescens 'Amethyst Falls'

○◑ • h20' • r2-4' • Z5

native. Big bud clusters open in mid to late May revealing grape-like clusters of deep lilac to purple flowers. Attracts native insects and butterflies. Blooms dependably at an early age.

#3.....69.99

macrostachys 'Blue Moon'

○◑ • h20' • r2-4' • Z5

native to the lower mid-Atlantic area is a quick grower that needs space and support to grow and look its best. Spectacular, 8-10" long racemes of lavender-blue flowers in late May that may repeat during the summer months. Fragrant and attractive to native insects and butterflies.

#3.....69.99

Perennials

ACHILLEA (Yarrow)

Firefly 'Red Pop' $18.99

○ • h28" • w24" • Z3 (red shades) summer

Bright cherry red flowers have small yellow eyes. Silvery green foliage.

millefolium (Native Yarrow) $18.99

○ • h24" • w24" • Z4 (white) summer

Fern-like foliage is topped with flat clusters of small white florets. A colonized host of many pollinators, common yarrow from Europe has mixed with native species and become naturalized in the United States. Deer resistance, drought tolerance, heat and humidity tolerance, and long bloom time, make it a good choice for butterfly gardens and naturalized meadows.

AGASTACHE

morello (Hummingbird Mint) $17.99

○ • h3' • w2' • Z5 (pink) summer

Huge flowers are a deep rosy burgundy that blooms from spring through the fall. The bright flowers attract hummingbirds and butterflies. Good in borders. Cut flowers are good fresh or dried.

ALLIUM (Ornamental Onion)

'Bobblehead' $18.99

○◑ • h32" • w24" • Z4 (pale lilac) summer

A unique, easy-to-grow perennial. With its striking 3–3½-inch flowers and spherical seedheads, this tall, fragrant plant adds both visual interest and structure to gardens. Its blue-green foliage provides year-round appeal, while its heat and drought tolerance make it ideal for a wide range of climates. Low-maintenance and adaptable to various soil types.

ANEMONE (Windflower)

hybrida 'Wild Swan' $18.99

○◑ • h18" • w24" • Z5 (white/blue) summer

A unique hybrid! Long blooming white and lilac blue flowers float on 18"

wiry stems from mid-summer through fall. Large flowers have white petals with a blue band on the reverse side, and as flowers close in the evening, the nodding blooms display the blue more prominently.

AQUILEGIA (Columbine)

canadensis $17.99

○◑ • h24" • w12" • Z3 (red/yellow) early summer

Maine native species with small, nodding blooms, several to a stem. Self sows. Attracts hummingbirds. A rugged native which prefers moist, sandy soil, but will tolerate dry soils. Less susceptible to leaf miner damage.

ARMERIA (Sea Pinks, Sea Thrift)

Dreameria 'Hypnotic Dreams' $14.99

○ • h12" • w12" • Z5 (ruby red) spring-summer

A breakthrough Armeria blooming spring into summer. Masses of large, globe-shaped flowers above mound, grass-like foliage. Stems are thicker and sturdier than other Sea thrift. Heat tolerant, petite size provides good choice for rock gardens and sunny borders.

ARMERIA (Sea Pinks, Sea Thrift), cont.

Dreameria 'Vivid Dreams' $14.99

○ • h12" • w12" • Z5 (purple) spring-summer

NEW! An Armeria breeding breakthough. Large, brightly colored, globe-shaped flowers above grass-like foliage blooms late spring through fall.

ASTER (Eurybia)

oblongifolius (Aromatic Aster) $18.99

○ • h3-4' • w3' • Z3 (purple) fall

Abundant light violet flowers with yellow centers from mid-Oct through late Nov. Attracts butterflies. Great drought tolerance and disease and insect resistance. Aromatic foliage.

BAPTISIA (False Blue Indigo)

Decadence 'Dark Chocolate' $19.99

◑ • h36" • w36" • Z4 (dark purple) early summer

Long flower spikes. Rich velvety chocolate purple flowers, foliage starts lower on stems, covering the base. Vigorous grower.

BRUNNERA (False Forget-Me-Not)

macrophylla 'Sea Heart' $18.99

◑● • h12" • w24" • Z4 (pink/blue) spring

Two tone flowers are both pink and blue while the green and white foliage is so thick and hairy it holds up to heat and humidity, looking great over the summer and into the fall till frost.

macrophylla 'Sterling Silver' $14.99

◑● • h14" • w24" • Z3 (blue) spring

Improved silver colored foliage and larger habit than 'Looking Glass', leaves (7-8" wide), good leaf quality and increased heat tolerance. Forget-me-not flowers in early spring.

CLEMATIS

'Barbara Harrington' $24.99

○ • Z4 • h5' (red) summer

(4" group C) An exceptional late, free flowering plant. Raised from Comtesse de Bouchard and retaining its parent's ability to flower well over a long period. The cerise colored flowers, approximately 4 inches in size, have pointed petals with dark border and contrasting yellow anthers. Blooms late June through September.

'Baroness Fookes' $24.99

○ • Z5 • h4' (purple-blue) summer

(4" group C) Beautiful, extremely free flowering clematis. Flowers are purple-blue with a darker purple bar, red anthers and ruffled-edges. Blooms May thru July.

Boulevard Collection

These compact clematis win a spot in the garden with their long bloom times. All are repeat flowering from late spring to late summer and will flower again in the autumn. This group needs hard pruning each spring to 12" and will then have vigorous regrowth.

'Fleuri'

'Issey'

'Olympia'

Boulevard 'Corinne' $24.99

○◑ • Z4 • h6' (white/violet) summer

(4-6" group B) White flowers with ruffly edges and a pink/violet stripe on each petal. Blooms June through August. This compact, heavy bloomer.

Boulevard 'Fleuri' $24.99

○◑ • Z4 • h4' (deep purple) summer

(5" group B) Deep purple flowers and an attractive contrasting flower center. It is very compac. Blooms May- September.

Boulevard 'Issey' $24.99

○◑ • Z4 • h4' (red) summer

(3-5" group C) Dynamic display of large, bright red flowers with yellow centers, June-late summer. Plants flower on old and new wood.

Boulevard 'Olympia' $24.99

○◑ • Z4 • h5' (blue) summer

(4-5" group C) Attractive, blue single and sometimes semi-double blooms with overlapping petals and yellow anthers. It flowers off the new and old growth. Free and repeat flowering.

Boulevard 'Parisienne' $24.99

○◑ • Z4 • h4' (pale violet) summer

(4" Prune group C) A superb repeat blooming patio clematis. Compact, free flowering blooms that have wavy-edged petals and attractive red anthers. Blooms early summer to late autumn.

'Charmaine' $24.99

◑● • Z4 • h7' (double red) summer

(4-5" group B) Rich red double, semi double and single flowers from later spring to midsummer and again in autumn.

'Elpis' $24.99

○ • Z4 • h4' (red) summer

(4-5" group C) Round shaped, deep rich red flower with contrasting yellow anthers. Flowers freely from May to July, with reliable repeat flowering into Sept. The blooms show little or no fading. Compact habit.

'Ithemba' $24.99

○◑ • Z3 • h4' (white) summer

(4-5" group C) Bright white blooms, a delicate pink bar, and a ruffled edge petal. Red filaments and anthers. Blooms from May to July and again in Sept. Flowers profusely down the whole stem of the plant.

'Pink Champagne' $24.99

○ • Z4 • h7-8' (rosy-pink) summer

(5-6" Prune group B) Deep rosy-pink, free flowering, compact plant. Also known as Kakio, from Japan. Blooms May, June, August, and September. It is a real eye-catcher.

COREOPSIS (Tickseed)

Designer Threads 'Scarlet Ribbons' $18.99

○ • h18" • w20" • Z5 (red) summer

Velvety maroon-red flowers are solid throughout the petal. Shows exceptional mildew resistance. Long Blooming, drought tolerant, attracts bees and butterflies. Deer resistant.

lanceolata $14.99, $17.99

○◑ • h24" • w12" • Z3 (yellow) summer

Native. A good choice for wildflower meadow and roadside plantings where the 2-3' tall, upright stems can mingle with other meadow grasses and perennials. Beneficial pollinators are attracted to summer-blooming flowers. Will reseed. Thrives in poor soils and is drought tolerant.

DARMERA

peltata (Umbrella Plant) $19.99

◑● • h3' • w4' • Z5 (pink) summer

Large leaves can reach 2 feet across. Likes moist soil. Blooms appear before foliage fully emerges.

DELPHINIUM (Larkspur)

elatum 'Violets are Blue' $22.99

○ • h36" • w24" • Z5 (violet-blue) early summer

A tall, eye-catching presence to the garden. Sturdy stems stay upright on their own, making it an easy-care option. Long Blooming. A magnet for bees and butterflies, it adds both beauty and pollinator-friendly charm to any landscape.

grandiflorum 'Blue Butterfly' $14.99

○◑ • h14" • w14" • Z4 (deep blue) early summer

Forms compact mounds of well-branched foliage. Puts on a spectacular show from early summer to fall, with 1.5", deep blue flowers. Fern-like foliage, open panicles.

DIANTHUS (Pinks)

EverLast 'White' $10.99

○◑ • h12" • w12" • Z3 (white) late spring

Double white. A floriferous habit and wonderful fragrance. Blooms appear late spring and into early summer then a repeat bloom in the fall.

Fruit Punch 'Cherry Vanilla' $17.99

○◑ • h10" • w12" • Z4 (red/pink) early summer

Produces loads of double, deep red flowers with a light pink edge in early summer. Forms a low mound of blue-green foliage. Use it to edge sunny borders and pathways.

'Peppermint Star' $14.99

○ • h6" • w14" • Z4 (pink-red) summer

Large, light pink flowers with defined red centers and toothed edges, blooms between May and June. Neat habit and good winter hardiness. Fragrant.

DIGITALIS (Foxglove)

x 'Pink Panther' $14.99

◑ • h22" • w18" • Z5 (purplish pink) summer

First year flowering. Tall, uniform, upright, sturdy stems have multiple spikes of vibrant, bell-shaped, magenta flowers with speckled rose-pink throats. Compact mound of dense green foliage. The sterile flowers are long lasting and make magnificent cut flowers.

purpurea 'Candy Mountain White' $14.99

◑ • h48" • w24" • Z4 (white) summer

Soft yellow buds unfurl to reveal milky-white outward-facing trumpets with garnet flecked throats. Bee and hummingbird favorite. Tends toward biennial, so let seed fall. No staking needed.

DRACOCEPHALUM (Dragonhead)

argunense 'Fuji Blue' $14.99

○◑ • h12" • w12" • Z4 (blue) early summer

Dragonheads are hardy, durable, small clump formers with hooded (dragon-shaped) flowers and crisp linear foliage. Excellent rock garden settings. Likes well-drained fertile soil.

ECHINACEA (Coneflower)

'Delicious Candy' $14.99

○◑ • h24" • w24" • Z4 (pink) summer

Attractive dark green leaves and dark stems on compact plants. Fuchsia-pink flowers have a single ray that are held horizontally underneath the large pompom blooms.

paradoxa (Ozark Coneflower) $14.99

○ • h36" • w18" • Z5 (yellow) summer

Yellow flowers in summer attract various butterflies and bees, and is deer resistant! The most fragrant of all the Coneflowers. It is native to southern Missouri, Arkansas, and south-central Oklahoma.

EPIMEDIUM (Bishop's Hat)

'Frohnleiten' $14.99, $19.99

◑● • h15" • w24" • Z5 (yellow) spring

Heart shaped red-mottled leaves emerge in time to show off large bright butter-yellow flowers that have an open habit. Foliage deepens to shiny green. Great specimen plant or for mass plantings. Spring flowers.

x warleyense 'Orange Queen' $14.99, $22.99

◑● • h10" • w12" • Z4 (orange) spring

Apricot flowers in spring. Compact habit. Leaves emerge with a rosy blush then turn bronzy in fall. Easy to grow and is a good spreader.

EUPATORIUM (Boneset, Joe-Pye Weed)

fistulosum 'Jojo' $17.99

○◑ • h48" • w36" • Z4 (pink) late summer

Long-lasting flowers are full, dome-shaped and sterile so they will not reseed. Pollinator magnets. Cut back in spring to provide habitat for pollinators. Moist soils.

EUPHORBIA (Spurge)

amygdaloides var. robbiae (Wood Spurge) $8.99, $14.99

○◑ • h12" • w18" • Z5 (greenish yellow) spring

Useful as a groundcover for its speedy growth, clean attractive rich green foliage and tolerance for dry shade or sunny conditions. Disease free, deer proof, and reliably tough!

GERANIUM (Cranesbill)

maculatum 'Dark Roast' $19.99

○◑ • h15" • w18" • Z4 (fuchsia) summer

Native. Fuchsia petals with white throats against a mass of dark burgundy foliage light up the shaded landscape. Clump forming and deer resistant makes this native perennial a good groundcover in shaded areas. Attracts native bees, butterflies, skippers and chipmunks love the seed.

Grasses

ANDROPOGON (Big Bluestem)

gerardii $18.99

○ • h7' • w4' • Z4 (W) fall

A clumping, strongly upright growing grass that makes a great tall backdrop in any perennial landscape. It's breathtaking in mass plantings, with its thin foliaged texture and its striking orange to red fall color. Strong rooting and easy care make it excellent for erosion control.

gerardii 'Holy Smoke' $18.99

○ • h6' • w4' • Z3 (W) late summer

Tall, vigorous native grass with incredible purple and red foliage color in fall and a plethora of seeds that native songbirds love. Perfect for massing! Deer and drought tolerant. Outstanding for planting in waves of color.

gerardii 'Karl's Cousin' $22.99

○ • h4' • w3' • Z4 (W) late summer

Narrow, upright, with blue-green foliage that changes to purple-blue in fall. Long blooming with showy flower heads for six weeks starting in August. Easy to grow. Supports native birds with its seed.

CAREX (Sedge)

oshimensis 'Everillo' $18.99

◑● • h12" • w24" • Z5 (C) summer

This is a low-growing, evergreen, grass-like perennial with long, thin, arching leaves. Foliage is chartreuse towards the center becoming more gold were exposed to more light.

oshimensis 'Everest' $18.99

◑● • h18" • w14" • Z5 (C) summer

Forms a low cascading clump of leathery dark green leaves, with crisp, white margins. Small brownish flowers. Trim any wind burned tips in the spring. Clumps may be divided in early spring. Tolerates dry shade with occasional watering. Evergreen. Likes moist, rich soil.

plantaginea (Seersucker Sedge) $18.99

◑● • h12" • w24" • Z4 (C) summer

A petite native sedge with wide green puckered leaves that forms a short semi-evergreen clump. Bright lime color gives dimension to the shade garden. Can tolerate some dry shade but prefers moist woodland settings.

FESTUCA (Fescue)

'Eilers Beauty' $17.99

○◑ • h12" • w24" • Z3 (C) late summer

Fine-textured, matte green foliage. Adaptable to tough conditions, even dry shade. Beautiful, bright tan seedheads rise above the foliage on stiff red-tinged stems. Collected by Henry Eilers.

HAKONECHLOA (Hakone Grass)

macra (Japanese Forest Grass) $24.99, $34.99

◑ • h24" • w24" • Z4 (C) late summer

Cascading foliage resembles a herbaceous waterfall; the blades are shades of pale green but in fall they will turn bright shades of orange. A slow grower, but more vigorous and hardier than the yellow form H. 'Aureola'.

PANICUM (Switch Grass)

virgatum $17.99

○◑ • h3' • w3' • Z3 (W) late summer

Native. Strong vase-like shape and airy clouds of pink tinged flowers. Easy to grow native. Tolerant of a wide variety of soil types, and fall color goes from yellow-orange to tawny-beige.

virgatum 'Smoking Gun' $18.99

○ • h4' • w2' • Z4 (W) late summer

Upright, tall with medium-green foliage and a strong vertical accent. In late summer to fall, airy tan seedheads add texture and movement to the landscape. Seedheads provide winter interest and food for wildlife.

SCHIZACHYRIUM

scoparium 'Cinnamon Sticks' $18.99

○ • h36" • w24" • Z3 (W) late summer

Compact, upright with striking blue summer stems that turn deep cinnamon red in fall. Early to color and long-lasting, it adds bold seasonal interest and thrives in hot, dry conditions with minimal care.

scoparium 'Little Red Fox' $18.99

○ • h30" • w18" • Z4 (W) fall

A shorter variety, yet bushy and vigorous. Blue-green foliage develops red-highlights in mid-summer. Tones of red, purple, and silver in fall. Flower stems stay upright through the winter, providing added interest and shelter for birds.

scoparium 'Standing Ovation' $24.99

○ • h40" • w24" • Z3 (W) fall

Sturdy, upright stems with blue cast, dark purple closer to base. Brilliant, fiery-colored foliage through fall. Blades are thick. Likes poor soils. Good bird habitat.

end of grasses

HELLEBORUS (Lenten Rose)

Frostkiss 'Glenda's Gloss' $34.99

◑● • h24" • w24" • Z5 (violet/white) early spring

Eye-catching white flowers dipped in violet with green-silver foliage. An early spring bloomer to attracts butterflies. Easy care perennial, perfect for borders and containers. Deer and rabbit resistant to boot.

hybridus 'Pine Knot Strain' $18.99

◑● • h15" • w24" • Z4 (mixed) early spring

Early blooming Hellebore, with long-lasting nodding flowers and evergreen foliage. Colors range from blue-purple to whites, with pinks and yellows as well.

HEUCHERA (Alumroot, Coral Bells)

'Blackout' (villosa) $14.99

◑ • h12" • w26" • Z4 (light pink) summer

Nice, very dark almost black mounds. Glossy leaves. Light-pink flowers. Can develop a "spokes-on-a-wheel" look, with a few large leaves surrounding a core of very tight new growth. Mild discoloration when grown in full sun, best in part shade - shade conditions.

'Caramel' (villosa) $17.99

○◑● • h10" • w12" • Z4 (gold-caramel) summer

Popular selection for its large golden-caramel foliage with red undersides. Strong grower and heat tolerant. White flower.

'Guacamole' $18.99

○◑● • h24" • w24" • Z4 (green foliage) spring

Mounding lime green leaves and creamy flowers that appear in May. Likes consistently moist soils, looks great in masses, in containers, and with dark foliage plants. Brightens shady areas!

'Indian Summer Blackberry' $14.99

○◑● • h16" • w18" • Z4 (purple foliage) summer

Somewhat smaller leaves than others in the Indian Summer series, but leaves are a remarkable glossy deep-purple to almost black, flowers are white. Can be grown with minimal shade, great for combos. Delicate white summer flowers.

longifolia $18.99

◑ • h14" • w18" • Z5 (green foliage) spring

Short mounds of green leaves with deep green veins, silver highlights, and red tints in fall. Performs well in almost full sun and prefers alkaline soils. A little-known rare native species, native to Blue Ridge Mountains. Topped in summer with 3' tall spikes of small yellow flowers. As with all coral bells, a well-drained soil is essential.

'Peach Smoothie' $17.99

○◑ • h12" • w16" • Z4 (peach foliage) early summer

A companion to and updated 'Berry Smoothie'. Large, bold leaves in a new color! The primary color of sun kissed peaches, with cherry, coral, and orange. Good performance in full sun. Foliage is rust resistant, even during wet springs. Creamy white flowers in early summer.

HIBISCUS (Mallow)

'Garnet Globes' (Summerific) $24.99, $34.99

○ • h4' • w3' • Z4 (deep red) late summer

Massive, deep red blooms cover the plant from midsummer to fall. Dark green foliage forms a dense, bushy habit, making it perfect for bold borders or as a garden focal point. Brings tropical flair to temperate gardens!

'Starry Starry Night' (Summerific) $34.99

○ • h3' • w3' • Z4 (pink/red) summer

Dark, rich foliage on compact plant. The swirling bicolor blooms with blended hues of snow white, creamy yellow, blushing pink, and cherry red all swim across a lush sea of petals! The large flowers on a compact plant are a real show stopper!

HOSTA (Plantain Lily, Funkia)

DARK MARGIN / LIGHT CENTER

'Avocado' $14.99

◑● • Lg • h27" • w36" • Z4 (white-lavender) summer

Large-leaved, mounded plant produces pure white flowers that are great for cutting. Leaf size 11" x 8.5".

'Mouseketeer' $14.99

◑● • Sm • h9" • w18" • Z5 (lavender) summer

Charming thick, rounded blue-green leaves edged in creamy yellow. Lavender flowers appear on short scapes in midsummer. Leaf size 3" x 3.5".

LIGHT MARGIN / DARK CENTER

'Enchiladas' $14.99

◑● • Lg • h24" • w32" • Z3 (lavender) summer

Slightly rippled, rounded, dark green foliage is brightened with golden variegation. From mid-July to August, enjoy fragrant pale lavender blooms. Leaf size 9.5" x 7.5"

HOSTA (Plantain Lily, Funkia),cont.

'Gigantosaurus' $19.99

◑● • Giant • h3' • w7' • Z3 (lavender) summer

The massive size and leaves will have your garden feeling like Jurassic Park. One of the first Hostas to emerge in spring. Large blue leaves have a wavy yellow margin. In summer yellow margins turn to creamy white. Pale lavender flowers in early summer.

GOLD LEAVES

'Lipstick Blonde' $22.99

◑● • Med • h12" • w20" • Z3 (lavender) summer

One of a kind Hosta with vibrant yellow foliage above contrasting red stems. Leaves are pointed, corrugated and slightly wavy with a waxy, clouded finish. Leaf size 7" x 3".

IRIS

ensata 'Carrot Cake' $17.99

○◑ • h30" • w28" • Z4 (purple/yellow) early summer

Tall clump-forming plants that prefer moist soil. Huge, flat crepe paper-like flowers. Can be grown in boggy soil near the water's edge. Deer resistant, attract hummingbirds. White flowers with wide lavender-blue edge and golden yellow eye.

ensata 'Good Omen' $17.99

○ • h36" • w18" • Z4 (wine/purple) summer

Prefers full sun and moist soil, this Iris will also makes a great cut flower. Wine-pruple flowers in June. Japanese Iris performs better in a rich, slightly acidic garden soil. These are wonderful Irises for water features.

germanica 'Autumn Encore' $10.99

○ • h32" • w24" • Z3 (purple/white) late spring

Upright spiky clumps support showy purple/white blooms.

KNIPHOFIA (Red Hot Poker, Torch Lily)

'Rockets Red Glare' $17.99

○ • h36" • w24" • Z5 (red-orange) summer

A stunning color choice! Tall flower spikes have warm red buds that open to creamy peach flowers. Unusual spiky flowers and upright habit adds drama. Reblooms late into the season. Grass-like foliage provides textural contrast. These tropical looking plants are hardy to either zone 5b or 6, if you provide protection.

LIGULARIA (Goldenray)

japonica 'Big Green Tractor' $17.99

◑ • h4' • w5' • Z4 (yellow/gold) summer

A large Ligularia perfect for making a dramatic statement in the shade garden. Deep green leaves are massive reaching 16" across at maturity. A serrated margin surrounds each dissected leaf for a standout foliage presence. Needs consistent moisture. Daisy-like flowers. Best performance in morning sun or filtered shade; flowering will be diminished in deep shade.

PENSTEMON (Bearded Tongue)

hirsutus $18.99

○ • h18" • w12" • Z3 (purple) summer

Native! This is a very easy to grow Penstemon since it is so adaptable. Grows in full sun to full shade in moist to dry locations. Hairy stems give it its name. Flowers purple from May to June.

PEROVSKIA (Russian Sage)

atriplicifolia 'Jelena' $14.99

○ • h18" • w14" • Z4 (purple) late summer

Airy clusters of soft lavender-blue flowers rise above silvery stems and finely textured, aromatic gray-green foliage. Compact, upright with a graceful yet bold presence. Thrives in hot, dry spots and blooms from midsummer into fall. Pollinator-friendly flowers.

PERSICARIA

filiformis 'Painter's Palette' $14.99

○ • h24" • w24" • Z4 (pink shades) summer

Grown for its fantastic foliage, each leaf is painted with swirls of green and creamy white accented by a burgundy chevron. Tiny red flowers appear on wispy stems late in the season, deadhead to prevent reseeding. Prefers moist soils. Best with some afternoon shade. Nativar.

PHLOX - Tall Garden Phlox

glaberrima 'Triple Play' $8.99, $14.99

○◑ • h15" • w15" • Z4 (pink) spring

Features striking dark green foliage edged in cream. The margins look whiter with more sun. Clusters of pinkish lavender flowers emerge in late spring from the attractive foliage clumps.

PORTERANTHUS

trifoliata (Bowman's Root, Gillenia) $18.99

○◑ • h3' • w2' • Z4 (white/pink) early spring

An airy fine-textured woodland plant with white starry flowers and red stems that form a bush-like clump. Has an informal feel, thrives in fertile evenly moist soil and is tolerant of sun and shade. Nice yellow-orange fall color and looks great when massed.

PULMONARIA (Lungwort, Bethlehem Sage)

'High Contrast' $17.99

◑● • h9" • w20" • Z4 (pink to blue) late spring

Lungworts have wonderful spotted leaves and early blooms. Can have problems with powdery mildew, cut leaves back in midsummer for a fresh mound of foliage. Wavy spear-shaped dark green leaves with silver markings.

RUDBECKIA (Black-eyed Susan)

lacinata Local Ecotype (LE) $17.99

○ • h5-8' • w3' • Z5 (lemon yellow) late summer

Best for open meadow or woodland's edge as it enjoys growing large and in charge! Loved by pollinators for its late season bloom. Prefers average to moist soils. Great cut flower.

occidentalis 'Black Beauty' $18.99

○◑ • h30" • w18" • Z3 (yellow/black) summer

Rudbeckia Black Beauty's heads are cone-like with delicious chocolate-brown heads and yellow stamens. A hardy, western species. As the small florets open up, a golden pollen forms around it which attracts an abundance of pollinators! Excellent for fresh cutting and also dried!

RUELLIA

humilis (Wild Petunia) $18.99

○ • h12" • w12" • Z4

A native perennial petunia for dry or shallow soils that is well suited to rock gardens. Its trumpet flowers bloom in midsummer. A rare native!

SALVIA (Sage)

koyamae (Japanese Yellow Sage) $17.99

○ • h24" • w24" • Z5 (yellow) late summer

A woodland groundcover salvia that will creep about the landscape with somewhat trailing stems. Excellent foliage and uncommon yellow flowers that form in late summer. Hairy, arrow-shaped green leaves form an attractive ground cover when plants are not in bloom.

nemorosa Color Spires 'Indigo Girl' $18.99

○ • h22" • w22" • Z3 (dark blue) early summer

Easy to grow in almost any climate in full sun. Drought tolerant but blooms better with average moisture. Cut back after flowering to promote rebloom.

nemerosa 'Sensation Deep Rose Improved' $14.99

○ • h12" • w18" • Z3 (lilac-pink) summer

A dense clump of deep green foliage with 5-6" long, lilac-pink flower spikes. Free flowering and excellent rebloomer.

SEDUM (Stonecrop)

Rock n Grow Coraljade $17.99

○ • h18" • w30" • Z3 (pink/green) late summer

The perfect stonecrop for fall flowering. Rich green leaves are topped by citron green buds that open to soft coral pink later in the season. Forms a beautiful dome of flowers.

telephium 'Peach Pearls' $14.99

○ • h16" • w26" • Z4 (pink) late summer

Rich burgundy foliage forms a dense mound. Foliage takes on peach-colored tones. Unique apricot and pink flowers in late summer. Easy to grow and a pollinator magnet!

ternatum $8.99

○ • h8" • w12" • Z3 (white) summer

Emerges in early April with maroon leaves and stems creating a fun display through any remaining snow. The foliage greens up as spring sets in. Stunning little white flower starbursts in April-June. Plants creep and spread slowly and steadily.

SENNA

hebecarpa (Wild Senna) $17.99

○◑ • h3-4' • w3' • Z3 (bright yellow) early summer

Light green locust-like leaves and sturdy stems. Vivid yellow pea-like flowers in early summer develop into pretty seed pods. Lovely in both wild or 'civilized' gardens; can take the abuse of snowplows, salt, drought!

SMILACINA

racemosa (False Solomon's Seal) $18.99

◑ • h36" • w18" • Z3 (cream) early summer

A New England native with leafy, arching stems and bright berries in fall. White flowers in early summer. Likes humusy soil. Favorite for a shady spot; graceful.

SOLIDAGO (Goldenrod)

puberula (Downy Goldenrod) $17.99

○ • h36" • w24" • Z3 (yellow) late summer

Dense wand-like spikes of flowers have a long bloom time. Stays stout and upright. Dries well. Tolerates poor soils and does not wander! Power pollinator and low maintenance.

STACHYS (Lamb's Ears)

byzantina 'Silky Fleece' $14.99

○◑ • h10" • w10" • Z5 foliage plant

A dwarf Lamb's Ears with leaves about the size of a dime and lilac-plum flower spikes. Tolerates rabbits, deer, dry soil, and shallow-rocky soil. Deadhead flowers to keep neat.

STOKESIA (Stokes' Aster)

Totally Stoked 'Riptide' $17.99

○◑ • h26" • w30" • Z5 (blue) summer

This new plant series known for moderate sizes and dense habits. Good basal branching creates numerous blue flowers from early to late summer, completely covering the plant. Foliage is a rich dark green.

STOKESIA (Stokes' Aster), cont.

Totally Stoked 'Whitecaps' $17.99

○◑ • h26" • w30" • Z5 (white) summer

Numerous white flowers from early to late summer, completely covering the plant. Foliage is a rich dark green.

TIARELLA (Foam Flower)

cordifolia 'Elizabeth Oliver' $17.99

◑ • h15" • w12" • Z4 (light pink) late spring

3" wide, deeply lobed leaves with prominent maroon markings and light pink fragrant flowers. It spreads by runners and forms a low, dense carpet of foliage. Looks best planted in drifts along woodland garden paths or in the front of a shady border. Light pink flowers appear between May and June.

VERBASCUM (Mullein)

'Dark Eyes' $17.99

○ • h12" • w12" • Z5 (yellow) summer

Eye-catching spikes of creamy-yellow flowers dotted with large, maroon, starry centers rise above woolly gray-green foliage. Short stature, lengthy bloom time. Begins blooming in late spring and continues through the summer. Deadhead for best rebloom. Plant in well drained soil.

'Royalty' $14.99

○ • h10" • w12" • Z5 (red-purple) summer

Spikes of numerous flowers bloom and rebloom all summer. Prefers drier soils in full sun. Short rosettes of felted leaves make a nice backdrop for the blooms.

VERBENA

hastata (Swamp Verbena) $17.99, $19.99

○ • h5' • w5' • Z3 (blue-purple) summer

A northeast native that will naturalize readily in wet areas or meadows. It has upright habit and candelabra-like, blue-purple flowers. Short-lived but will seed in. Attractive to bees.

VERNONIA (Ironweed)

gigantea $17.99

○ • h9' • w4' • Z5 (purple) summer

A giant towering perennial, topped with bold clusters of magenta-purple flowers from late summer into fall. Thrives in moist soils with full sun and spreads by rhizomes to form a striking clump in the landscape. It provides vital late season nectar for pollinators and serves as host plant for moth caterpillars.

'Summer's Surrender' $14.99

○ • h4' • w3' • Z4 (dark purple) late summer

A wide, uniform, bushy upright mound of long, narrow dark green leaves. Excellent resistance to rust and powdery mildew keeps the plant looking fine all season. Large clusters of dark purple flowers attract numerous pollinators.

VERONICA (Speedwell)

longifolia 'First Love' $14.99

○◑ • h18" • w18" • Z3 (pink) summer

Much longer bloom period than other veronicas, continues to send up its spikes of clear, deep pink blossoms for weeks attracting butterflies and hummingbirds. Compact habit.

longifolia 'Marietta' $17.99

○◑ • h30" • w24" • Z4 (blue-purple) summer

Tall blue-purple spires, begins flowering in June, providing color all summer. Longer blooming than other varieties, and mildew resistant.

VIOLA (Violet)

pedata 'Eco Artist Palette' (Bird's Foot Violet) $14.99

◑ • h6" • w12" • Z4 (lilac-blue) early spring

A low, clumped perennial, with large, almost pansy-sized flowers. Flowers are pale to dark purple, with 5 petals, the 2 upper ones smaller than the lower 3 and deep violet. The lowest petal has the dark streakings which are common to most violets. There are 5 stamens with brilliant orange anthers.
